At the Republican County Primaries Held Saturday-His Majority Was Very Large. DELEGATES TO CONVENTION

JUDGE HUGUS

BAGGED THE

Of Next Saturday Chosen at the Pri--The Vote Fully as Large as Expected.

The Republicans of Ohio county held their primary on Saturday, nominating Judge T. J. Hugus, of Triadelphia district, for judge of the criminal court over Attorney R. M. Addleman, of Madison district, by a decisive majoraladison district, by a decisive major-ity. The able record of Judge Hugus during six years' occupancy of the criminal court bench makes him as strong a candidate as the party could have named, and his election in Noember is well assured.

The primary was also the occasion of naming each district's delegates to the county convention, and the result shows that in districts where slates set up they fared badly-or at least honors were divided. For instance, in Clay district but two of the first eight suggested were successful, while the six other delegates are num-bered in the second bunch of eight.

The number of votes cast at the primary came up to the expectations of the party leaders, who predicted in Saturday's Intelligencer that the vote would be between 2,500 and 3,500. As will be noted it came much nearer the

EXCURSION SUNDAY.

Three from Wheeling to Detroit and Its K. of P. Encampment, and One for Chicago and the G. A. R. Encampment.

Yesterday was "Excursion Sunday" out of Wheeling, and it is estimated that between 1,200 and 1,500 people from this city and surrounding towns left campment and Chicago's Grand Army of the Republic encampment.

The first of the Detroit excursions

was that on the Wheeling & Lake Eric at 6 a. m., under the auspices of the Wheeling Uniformed Rank Companies and the subordinate lodges of the order. There was sixteen coaches, and from Wheeling the excursionists numbered about 500, including Battery A, (the only Pythian battery in existence), Couer de Lean company, Bernard Shanley com-pany and James T. McGee company, together with a large number of the mem bers of the several subordinate lodges. The excursion was joined by several large delegations out in Ohio. The trip was made under the personal direction of Traveling Passenger Agent Samuel Sherman, Cleveland was reached about noon and the afternoon Detroit and Cleveland boat was taken for Detroit, which was reached éarly in the evening.

The Cleveland, Lorain & Wheeling ex-cursion departed from Bridgeport at 11:15 a.m., with the Uniform Rank companies of Bellaire and Martin's Ferry, together with many of the members of subordinate lodges of the river-front towns. There were five conches, all well filled, the number of excursionists being about 300. The Knights of Pythias band, of Bellaire, accompanied this party. Cleveland was reached early in the evening, and the Detroit and Cleve-land boat was taken for Detroit, which will be reached this morning. The ex-cursion was personally conducted by Traveling Passenger Agent O. R. Wood,

sion of the day was that on the Baltimore & Ohio, under the auspices of the Uniform Rank company and lodge of Moundsville early in the morning, and went through by the all-rail routes, reaching Datroit late in the afternoon, ahead of the other local pligrimages.

The Pennsylvania ran a special train to Chicago for the G. A. R. encamp-ment, under the auspices of the Ladies of the G. A. R. of Wheeling, but the crown was disappointingly small out of this city, there being less than a hundred. This is the first Pennsylvania ex-cursion out of Wheeling to run from the Terminal station, using the Terminal to Martin's Ferry and the Cleveland & Pittsburgh to Mingo Junction.

LABOR DAY.

Will Be Celebrated With a Big Picnic at the State Fair Grounds-Programme of Races and Other Amusements Arranged.

For the first time in the history of the city labor day will be celebrated on the day set aside all over the United States for that purpose. The trades assembly has arranged for a big outing at the fair grounds and a programme of amusements has been arranged that will eclipse anything ever before attempted. There will be no street demonstration this year. The Grand Opera House band will make a circuit of the loop and later will provide concert music at the grounds.

The following is the list of attractions that will be provided:

AN AUTOMOBILE TOURNAMENT To Be Held in Chicago Next Month, Will be a Novel Event.

The Chicago Inter-Ocean will, September 18, open a grand automobile tournament and exhibition at Wash-ington Park, in that city. This exhibi-tion will be a novelty in its way, and should prove of interest to everyone. It will serve to show the great advances made in the matter of automobile construction and invention. It is but a few years since horseless carriages were looked upon as curtosities and as their expense was great, it was not thought that the general public would ever have any more than a passing interest in them. Yet within the few years that have elapsed improvements have been made, which have reduced the cost of construction and operation.

These will be shown in the tourna-

ment referred to. Tests will take place daily, designed to show the practical utility of the automobile for purposes for which it is intended. Races will be run to ascertain the possibility of the machines in the matter of speed, con-tests of strength will illustrate the hauling power of the various vehicles, and numerous other tests will be made which will prove not only interesting and exciting, but highly instructive. The programme is a long one, and every conceivable use to which an auto-mobile can be put has been considered and given a place on the list of con tests. Washington Park is well adapted to the purposes of such a tournament. It has the finest race track in the country, a grand stand unequalled the country, a grand stand unequalled at any course in the world, besides all the necessary buildings and grounds for the exhibition of auto-vehicles. Space has been taken by all of the more prominent manufacturers, and inquirles are being received daily for information concerning conditions, terms, etc. From present indications the From present indications the exhibition promises to be an event to be long remembered.

Notice.

In a few days we will have a full line of the new soap records for "talking machines. "These records are a great improvement over the wax ones, being louder and more distinct. They also louder and more distinct. They also are much easier to make your own records on. F. W. BAUMER CO.
